

## Invitation

The AquaNES project team and Budapest Waterworks is glad to invite all interested stakeholders to the AquaNES Workshop on River Bank Filtration (RBF). Participants will have the opportunity to get practice-oriented knowledge on the RBF hydraulics, water quality, treatment and post-treatment.

The project team will provide information on the technologies at each project site and investigation results. The workshop closes with case studies delivered by local utilities.

Speaker will present in English or Hungarian. Simultaneous translation is provided.

Date: 30<sup>th</sup> of May 2018

Venue: Budapest Waterworks, H-1134 Budapest, Váci street 23-27.

**BUDAPEST  
WATERWORKS**

## Programme

### **Welcome & opening**

- 9:00 9:10 Welcome at Budapest Waterworks  
Csaba Haranghy, CEO, Budapest Waterworks
- 9:10 9:20 Opening of the workshop  
Thomas Wintgens, University of Applied Sciences and Arts Northwestern Switzerland

### **Session 1: Hydraulics of RBF**

- 9:20 9:40 Hydrogeology and hydraulics of RBF  
Thomas Grischek, Dresden University of Applied Sciences, Germany
- 9:40 10:00 RBF well construction, operation and maintenance  
Zsuzsanna Nagy-Kovács, Budapest Waterworks, Hungary
- 10:00 10:10 RBF Siphon systems  
Rico Bartak, Dresden University of Applied Sciences, Germany

10:10 10:40 Coffee/Tea break

### **Session 2: Water Quality of RBF**

- 10:40 11:00 Water quality changes during RBF  
Ernő Fleit, Water management expert, Hungary
- 11:00 11:20 WQ parameters focusing on organic micro-pollutants

Éva Major, Budapest Waterworks, Hungary

- 11:20 11:40 Managing microbial contamination at bank filtration sites  
Ulf Miehe, Berlin Centre of Competence for Water, Germany
- 11:40 11:55 Travel time effects  
Krzysztof Dragon, Adam Mickiewicz University in Poznan, Poland
- 11:55 12:55 Lunch break
- Session 3: RBF and Post-Treatment**
- 12:55 13:15 Berlin site: Nanofiltration  
Jeanette Jährig, Berlin Centre of Competence for Water, Germany
- 13:15 13:35 Dresden site: Ultrafiltration  
Robert Haas, DREWAG Netz GmbH, Dresden, Germany
- 13:35 13:50 Budapest/Baja site: Reverse Osmosis  
Zoltán Goda, National University of Public Service, Hungary
- 13:50 14:05 Haridwar site: Electro-chlorination  
Philipp Otter, Autarcon GmbH, Germany
- 14:05 14:20 Coffee/Tea break
- Session 4: Case studies**
- 14:20 14:35 Extreme events  
Tamás Aradi, Budapest Waterworks, Hungary
- 14:35 14:50 Why chosen RBF  
Ferenc Katona, Waterworks Szekszárd Region, Hungary
- 14:50 15:05 Living with the RBF  
Gergely Schuszter Mayor of Dunabogdány, Hungary
- Closing**
- 15:05 15:35 Final discussion, closure of workshop EN/HU

## Registration

Participation is free of charge.

Please register your participation by email to [aquanes@budapestwaterworks.hu](mailto:aquanes@budapestwaterworks.hu) indicating your name, affiliation and contact details.
